

Sales report

Total sales: we can appreciate that it more or less stays even except for 4 main days in the later part of the year.

Pizza sales: there is not a specific pizza type that shines over the others, although some, such as brie carre and green garden, do sell considerably less.

Ingredient sales: Only the 15 highest are graphed. It can be seen that there is a big difference between the 4 ingredients with most sales and the rest
